Cortina Watch launches e-commerce website on 29 August 2018

Retailer of luxury timepieces enters the e-commerce space on a regional scale.

Singapore – Cortina Watch, a leading retailer of luxury timepieces in Asia has officially launched its e-commerce website *cortinawatch.online* on 29 August 2018, Wednesday. This platform is to attract new database and enhance the shopping experience for users and commence Cortina Watch’s foray into the growing e-commerce landscape.

The launch party was held at Capital, Zouk Singapore to commemorate this digital milestone in Cortina Watch’s 46 years. The event received much fanfare as over 300 guests were entertained with a special drumming performance, an iPad magician and interactive games. Exciting instant-print photo booths dedicated to our brand partners were stationed about the venue. Reflecting each brand’s unique style, guests could pose creatively with their friends and receive the interesting keepsakes immediately.

The site combines a sleek layout showcasing gorgeous timepieces from popular brands with subtle links to Cortina Watch’s main website and social media. Users can access e-guides on the specific functions of timepieces and explore the ‘Find a Watch’ function – a tool incorporated with a ‘personal’ touch to understand the needs of users – for different occasions. For a start, deliveries are only available in Singapore, Malaysia and Thailand. *Cortinawatch.online* is not only for technologically-savvy millennials but also for anyone with a love for horology and collecting exclusive watches.

Moreover, user-friendly tabs encompass curated online exclusives, new and incoming brands, as well as special promotions featured expressly on *cortinawatch.online*. As an upcoming feature, special collaborative timepieces with Cortina Watch’s brand partners are to be available exclusively online.

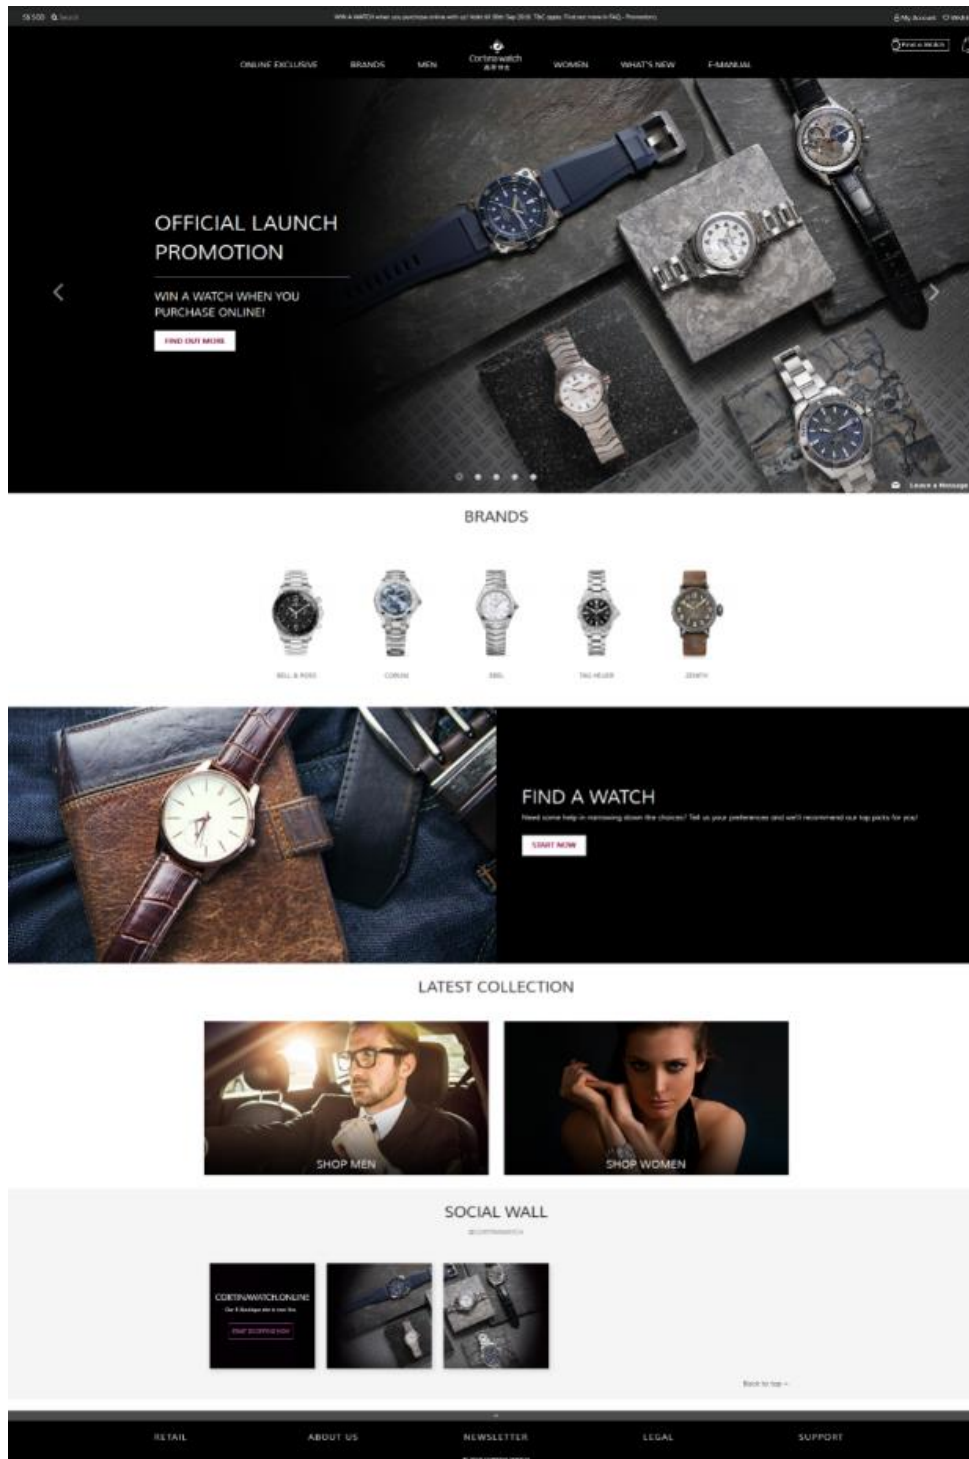

“*Cortinawatch.online* wholly embraces our vision to not only enter the growing luxury e-commerce space but also to strategically complement and build our business core, our brick-and-mortar boutiques, alongside the rise of the digital age as we combine ‘Offline’ with ‘Online’ channels.”, said Cortina Watch Chief Operating Officer, Mr Jeremy Lim.
